2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

District Mission Statement

Our mission is to enrich, empower and enhance our students' lives through education.

District Vision Statement

Palo Verde Unified School District will constantly seek to improve its culture of academic excellence.

We expect every student to read, write and calculate competently.

We expect every teacher to apply consistent standards, evaluate student performance accurately, and coach students with diligence and compassion.

We expect every parent, student and teacher to support the mutual quest for excellence. Educational progress can never happen without truth as its foundation, and it is to the wonderful truth of student potential and the challenging truth of student performance that we are unalterably committed.

School Vision Statement

We strive to make a high school diploma a reality for every student.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout the Palo Verde Unified School District are aligned to the California Curriculum Frameworks and Content Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are approved by the board of trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state's adoption. Site-level and district-level committees meet to select textbooks and instructional materials. Every student including English learners has access to their own textbooks and instructional materials.

On October 7, 2022, the Palo Verde Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English learners, in the district. The board of trustees adopted a resolution which certifies, as required by Education Code Section 60119:

1. Each student in each school in the Palo Verde Unified School District has standards-aligned textbook(s) or instructional materials, or both, to use in class and to take home.
2. Sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and are consistent with the cycles and content of the Curriculum Frameworks in mathematics, science, history-social science, and English language arts, including the English-language development component of an adopted program.
3. Sufficient textbooks or instructional materials were provided to each pupil enrolled in a foreign language or health classes.
4. Sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive. The California Department of Education requires the most recent information to be provided regarding instructional materials; data collected and disclosed in this report regarding instructional materials were acquired October 7, 2022.

School Facility Conditions and Planned Improvements

Twin Palms Continuation School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Twin Palms Continuation School occupies the former Palo Verde College campus adjacent to the Palo Verde High School. The facility was originally built in the late 1960s. When the district purchased the buildings, some updates and modernizations were made to accommodate housing the school there.

There is one set of restrooms for staff and another for students. For recreation, we have basketball courts, grass fields, and a grass quad for students to utilize. We have one part-time custodian who works during the evening. Our students eat breakfast and lunch outside on park benches. We also offer free breakfast and lunch for all students.

Campus supervision: As students arrive on campus each morning through the main entrance, the principal and/or counselor processes each student through our greeting center. At this location, they receive a screening for dress code, a scan for prohibited items, and an overall assessment regarding their readiness for school. During this time, at least one teacher circulates among the students in the common area. Additionally, the teachers greet students as they enter the classroom. The principal and counselor monitor student activities and behavior during the lunch period. Upon dismissal for the day, teachers station themselves at the classroom doors while the principal and counselor patrol the front campus area to ensure students depart in a safe and orderly manner. Further, all visitors are required to visit the school office upon arrival and departure.

The student handbook outlines school policies and procedures concerning emergency situations, school bus safety, campus behavior, first aid, illness, health issues, and special services. TPCS conducts various earthquake and fire-preparedness drills each year.

Campus maintenance: The custodial staff and district's maintenance department work together to ensure grounds, classrooms, and campus grounds are well maintained and kept safe and functioning for students, staff, and visitors. One part-time night custodian is assigned to TPCS and meets regularly with the principal to discuss school maintenance and safety issues.

Daily responsibilities include food-service area cleanliness, restroom cleanliness, keeping the school office clean, setting up furniture and equipment for school events or assemblies, and routine maintenance projects. Every morning before school begins, the principal inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Any graffiti or signs of vandalism are removed prior to students arriving at school. Throughout the day, the TPCS staff surveys the campus to ensure facilities remain safe and clean. During school hours, bathrooms are checked a minimum of three times as a proactive measure to keep facilities stocked, safe, and sanitary. All maintenance and operations (M&O) staff are required to follow district-approved cleaning standards, which are available for public review at the M&O department. TPCS works closely with M&O for larger projects that may require third-party contractors, routine facilities maintenance projects, special projects, and school inspections. M&O employs a work-order system that enables Twin Palms to communicate its maintenance needs.

Teachers and school staff relay safety issues and general maintenance needs directly to school office staff, who then complete a work-order request form. The request form is submitted to M&O, who then determines whether the site custodial staff or the maintenance staff will complete the project and how the project will be completed. Non-urgent requests are typically fulfilled within 24 hours. Emergency situations are regularly resolved in one hour or less by either site or district custodial staff, based on the nature of the situation. All maintenance, custodial, groundskeeping personnel, and the principal carry handheld radios to facilitate efficient and effective communications for emergencies as well as day-to-day needs between M&O and school site administrators.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	2	N/A	30	N/A	47
Mathematics (grades 3-8 and 11)	N/A	0	N/A	16	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

According to the state dashboard 2022, there were no college/career reported for 2022. Twin Palms is a continuation high school and offers courses for credit recovery to meet the district and state requirements for a high school diploma. Our site will create an academic goal for all students. Students will be exposed to the correlation between lexile level and how it pertains to careers. They will understand the importance of lexile and what level lexile they need to succeed in various careers. We require a Senior Projects course to be passed by all students. This course provides career exploration, a ten-year plan and an exit interview. Students graduating from our program have an executable plan before leaving.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

The school district benefits from extensive support from parents and community members. Twin Palms High School is proud of its many opportunities for parents to volunteer their time. These opportunities include classroom and project volunteers, speakers for classes and panels, field trip chaperones, fundraising, Parent Teacher Organization, and School Site Council membership. Area businesses contribute incentive rewards for academic excellence and good citizenship. Parent education classes are also offered through our local college and publicized at our site to help guide parents in their effort to improve their child's education and social development. Parents are also encouraged to join our Parent Teacher Organization. This group fundraises to provide extra items for the school. It also works to provide activities for student involvement, like grad night, college trips, PBIS incentives, and sporting events. The partnerships developed between the school and community volunteers and organizations enhance the experience of all the students at Twin Palms Continuation School.

Parents and students are able to keep updated and informed by viewing our school website at www.tp.pvUSD.us, Scorpion Scoop Newsletter <https://pvUSD.jotform.com/assign/210064696741053/210066551915048>, Social Media, and Aeries Communication which is used to communicate to parents about upcoming events at our site. Student handbooks and brochures are mailed out twice a year and posted to our newsletter to inform parents of all the different ways they can get involved and how to participate in their child's education. On the site, one can access school information such as the student handbook, graduation requirements, the school safety plan, etc. We have a back to school night which provides the parents an opportunity to meet teachers, tour our campus, and learn about our programs. Twin Palms also uses the Aeries portal, which allows parents to view grades, attendance, and behavior online. For an application to the Aeries portal, please call the school. For more information on how to become involved, contact Principal Lisa Schlehuber at (760) 922-4884 or lschlehuber@pvUSD.us.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The school site safety plan was initially developed for Twin Palms Continuation School in collaboration with local law enforcement, fire protection agencies, and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, safe arrival and departure practices to and from school, sexual harassment policies, dress code, and other items related to the safety of staff and students.

In February 2022, the School Site Council (SSC) will discuss the school safety plan and made changes to reflect personnel and updates in best practice. Additionally, the principal met with school staff during a staff meeting in September 2021 to communicate emergency response assignments and the specific role that each entails.

Further, a school-wide staff meeting occurred, which covered the updated safety plan and emergency procedures. An updated copy of the school safety plan is available to the public at either the Palo Verde Unified School District office or the TPCS office. The school safety plan will be reviewed and approved by our SSC in February 2022 and the governing board in February 2022.

Professional Development

Each employee is encouraged to grow professionally through self-evaluation and reflection; reading professional literature and networking. District-sponsored in-service and training are provided through Professional Development (PD).

It is the goal of Twin Palms Continuation High School to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, and handling peer pressure.

Twin Palm Continuation School provides time and resources for collaboration, planning, and professional development for all staff. Staff development days enable staff members to deliver curriculum and instruction that is responsive to student needs and develop skills to handle the social and emotional needs of the students. The focus of professional development has shifted to provide job-embedded coaching to assist in building capacity and focus on strengthening the application of instructional strategies

Twin Palms Continuation High School uses a variety of professional learning models to engage staff in their continued growth. During the school year and summer, the staff has opportunities to complete professional development training and time to implement best practices learned. The

professional growth occurring at Twin Palms Continuation High School has a heavy emphasis on collaboration with time reserved weekly for staff collaboration under the direction of site administrators and coaches. Examples of recent Palo Verde Unified School

District professional learning include:

For each of the previous three years, all teachers received invitations to attend at least three staff development days. These development opportunities focused on strategies to effectively check for understanding, instruct English learners, and implement school-wide positive behavior interventions and supports. More recently, we provided our faculty with the following training:

2022

August 8 - New Teacher Orientation

August 9 and 10 - PBIS, MTSS and RTI

August 12 - During the faculty meeting, the school resource officer provided Active School Shooter training and PBIS Development training.

October 19 - Curriculum Training for the Inspire Science text was held.

In order to address the needs of our English learners, Palo Verde Unified School District employs two English Learner coordinators who provide data, instructional support, and updated materials and information to our staff. These dedicated individuals also provide direction for the use of data and other resources to identify our English learners and assess their current levels.

This table displays the number of school days dedicated to staff development and continuous improvement.
